

COUNCIL HELD AN ADJOURNED MEETING

Important Matters Considered at Yesterday Afternoon's Session.

THE PROCEEDINGS OUTLINED

An adjourned meeting of the common council was held yesterday afternoon in the office of City Clerk Lee. The roll call showed the presence of a quorum, whereupon the minutes of the previous meeting were read by the clerk.

The first formal act was the reading of a large batch of bills and the motion ordering them paid out of their respective funds.

Alderman Walker informed the council that he had investigated the freight charge for sewer pipe and ascertained that a refund of \$36.36 was due the railroad company. The same was ordered paid.

Alderman Walker reported relative to inquiries he made for his committee among civil engineers with a view of finding out what the cost would be for looking over the sewer system here, securing necessary advice, etc., in connection with the same. He read a letter from Alexander Potter of New York, which in substance stated that Mr. Potter was contemplating a trip through this section and would, in consequence, perform the work for \$25 a day and expenses, or for \$350, payable upon the completion of the task.

W. S. Scheens of Chicago also bid for the work. Alderman Harrison said that Henry Phillips, a prominent engineer of St. Louis, would be in Pueblo soon in connection with sewer work, and possibly his services could be obtained for a reasonable amount. The matter was finally laid to one side, without any action being taken regarding it.

The lighting committee reported favorably on a petition received from residents in the vicinity of Coal avenue and Arno street for a light on that corner. The council ordered the light installed.

Clerk Lee read several reports from city officials. The clerk's report showed that \$208.25 had been collected in licenses, Chief of Police McMullen's that the sum of \$620 had been received in fines, while that of the city treasurer showed \$7,170.27 on hand. The report of the building inspector showed that thirty permits had been issued by him, and the estimated valuation at \$48,645.

Building Inspector Whitcomb addressed the council in reference to a proposed amendment to the ordinance. By it the rates to be charged for alterations, repairs and additions to city property are to be made specific. Considerable discussion ensued, it being the general opinion of the city fathers that for amounts less than \$100 no charge should be made; for \$100, 50 cents; for \$1,000, \$1.00; for more than \$1,000, the same fee as charged for the building permit.

An opinion from City Attorney M. E. Hickey, relative to the pavement of streets or alleys, stated in effect that the council had the power to order any street, alley or lot on abutting property with 6 per cent interest, and to make the property owner pay, within thirty days. This opinion, it was explained, had no reference to sidewalk, on which the city attorney will prepare an opinion, to be read at the next meeting.

At a recent meeting of the city council a city scavenger was appointed, who was vested with the authority to charge 25 cents per barrel for moving away garbage. Alderman Harrison said from the territorial law where the fees of the scavenger were fixed at a rate not to exceed 10 cents per week from each household. The matter was left with the street committee and city attorney to straighten out.

Alderman Gillenwater suggested that the city attorney prepare a resolution which would employ all contractors engaged in electrical work to employ competent workmen, and the necessity of these parties qualifying before the building inspector before being permitted to work. This is a provision to eliminate incompetent employees working buildings in the city, which so often results in fires and other accidents.

Clerk Lee called the attention of the council to the fact that Poundmaster Ward was short \$40 in his accounts, caused by the loss of tags numbered from 111 to 150, which were removed from the scavenger's pockets when he was locked up in jail for refusing to turn over a dog to Assistant Chief of Police Kennedy. The clerk asked the council to give Ward credit for the lost tags, and if any of the missing ones turned up, to charge him for them. This the aldermen did, and after instructing the financial committee to investigate the advisability of compelling ticket scalpers to take out licenses, adjourned sine die.

HAVE GONE OUT OF THE SHEEP BUSINESS

Ilfeld Brothers Sold 15,000 Head to J. H. Nations of El Paso.

TO TAKE A TRIP THROUGH EUROPE

Ilfeld Bros., the prominent dealers in sheep, wool, hides and pelts, have gone out of the sheep business and will in the future give their attention to the wool business and hide and pelt departments exclusively.

Messrs. Ilfeld sold their sheep interests some time ago, at which time a deal in this line of considerable magnitude took place. The Ilfeld flock numbered something in excess of 15,000 head. Of this number just 15,000 were sold.

J. H. Nations of El Paso was the purchaser, the consideration being private. Messrs. Ilfeld have obtained a few sheep on the mesa for their own use.

A report was current about the streets yesterday, to the effect that Ilfeld Bros. had gone out of both the sheep and wool business. To a reporter from the Evening Citizen, Mr. Louis Ilfeld said, when interrogated regarding the report: "No, it is only the sheep interests we have disposed of. We are still engaged in the wool trade."

Mr. and Mrs. Louis Ilfeld leave in May for an extensive European trip. It is planned to visit all the cities of interest across the sea. Mr. and Mrs. Ilfeld expect to be absent from Albuquerque until about Christmas. The many friends of both will wish them a bon voyage and the best of luck and pleasure during their rambles about the old country.

ALL IS IN READINESS FOR THE ELKS' MINSTRELS

YOU WON'T NEED FEATHERS TO TICKLE YOU IF YOU ATTEND THE ELKS' MINSTRELS TONIGHT.

"Gentlemen, be seated." The final dress rehearsal has been given, the performers are better prepared than their parts, and the end men are crammed full of jokes. All is in readiness for the perfectly prepared pageant in modern minstrelsy that will hold forth at the Elks' opera house tonight, presented by the Elks' minstrel organization, numbering among its members the finest and funniest comedians of the black-face art in Albuquerque's home talent.

Interlocutor: "Bones, how are you getting along?"
Bones Wilson: "Oh, trimmily, trimmily."
To miss the minstrels tonight, is to be sad forever more. Manager Arthur Cavanaugh has devoted special pains to this entertainment, the songs are all up to date, the jokes are new, and those attending will witness a performance more funnily funny than the redoubtable Lew Dockstader himself could produce.

Special attention has been given to the olio, and as a result some of the best talent obtainable in the city has been secured for this part of the program. In addition, "Spot" Moore, the village cut-up; Edison Hixcox, the comedian with the funny impediment; Frank Delaney; Joe Sheridan, the Irish wit; M. E. Hickey, the little (?) fun maker; R. W. D. Bryan, an old footlight favorite; Gus Thelin; John Steward; C. M. Horton, Joe Scott, the musical man; and Promoter A. W. Cavanaugh, the funniest of 'em all, will act as end men and do the leading stunts.

Without a doubt this will be the best amateur performance ever witnessed in Albuquerque, and with Mr. Matson's assurance that the opera house will be warm and comfortable, and judging from the advance sale of seats, the house will be crowded, and the "S. R. O." sign hung out early in the evening.

LONG RUN FOR A VERY SMALL FIRE TODAY

Shortly after dinner, today, an alarm of fire called the department to the Highland district. In some unknown manner a spark from the kitchen stove ignited the canvas forming the roof of a cottage at the corner of Iron avenue and High street, and occupied by M. L. Logue. A hole several feet square was burned in the roof. It was extinguished practically before the firemen arrived. The loss is insignificant and covered by insurance. The cottage is owned by E. V. Claypool, of North English, Iowa.

SHERIFF ARMJO'S MANY TROUBLES

His Wife is Injured, His Son Gets Sick and Now His Cattle Are Killed.

WONDERS WHERE IS THE END

Sheriff Perfecto Armijo expects to have plenty of troubles in connection with his office for an officer of the law that does not have troubles, is not one who is faithfully fulfilling his oath of office. Sheriff Armijo, is as a matter of fact, though, experiencing a grist of tribulations and troubles not on the bill of fare for the sheriff of Bernalillo county, or of any other county, for that matter.

A few days ago, Mrs. Armijo, the sheriff's wife, fell while at the ranch, fracturing a bone in her left limb. Particulars of this accident appeared exclusively in The Evening Citizen. It might be said, before going any further, that Mrs. Armijo is resting comfortably, it being only a matter of time until she will be up and around again.

Added to this misfortune, Sheriff Armijo yesterday received a telegram from Mexico City chronicling the serious illness there of his son, David Armijo. As the dispatch was very unintelligible, owing to the fact that part was in English and part in Spanish, the exact nature of the son's illness was not obtainable, and the telegram was sent back for correction. It is more than probable that the sheriff will be obliged to go to Mexico shortly.

Another streak of bad luck fell to the lot of the sheriff yesterday at his ranch, when one valuable Jersey cow was killed and another seriously injured as the result of an attack made upon them by two bulldozers, the property of a neighbor named Munzey. The vicious canines, after biting one bovine to death, attacked another, pulling her ears off, and no doubt they would have finished the cow had not a son of the sheriff appeared upon the scene with a gun and dispatched one dog to the happy hunting ground and wounded the other to the extent that death is expected to soon put an end to its sufferings. An unfortunate part of the bovine tragedy is the fact that Munzey is a particular friend of the sheriff, which makes the collection of money in payment for the cattle unpleasant, although Munzey has offered to settle.

"I hope," the sheriff said, "that I have reached the end of my unlucky streak. I certainly have had my share."
A nephew of the sheriff, Tranquilino Armijo, it will be remembered, died on December 27.

ROCK ISLAND TRAINS DETOURING OVER SANTA FE

As proof that the Rock Island is really snow bound, four Rock Island trains, two of them Golden State Limiteds, will pass through Albuquerque between 10 o'clock tonight and tomorrow morning. The snow blockade on the Rock Island is near Santa Rosa, and the trains which are expected here tonight, will leave their own road at Tucuman, detouring over the Dawson road to French, where they are transferred to the Santa Fe tracks to Deming, where they will go to the Southern Pacific's tracks, with which road the Rock Island has a traffic agreement. It is not known here how soon the Rock Island people expect to have their road open.

ALL FAIR BILLS SHOULD BE PAID

Creditors of Last Year's Fair Are Anxious About Payment of Their Accounts.

THEY APPEAL TO NEW OFFICERS

Messrs. Greer and Sellers, officers of the late twenty-fifth territorial fair, inform The Citizen that they are in receipt of quite a number of communications inquiring what steps the new officers of the twenty-sixth fair, have taken towards paying the indebtedness of the last fair.

Inasmuch as Messrs. Greer and Sellers, as officers of the twenty-fifth fair, immediately hypothesized their subscriptions and gave individual notes for enough to pay in full all indebtedness of the twenty-fourth fair, some \$2,200, they feel that something should be done by the officers of the twenty-sixth fair in the same direction, considering they now have about \$5,000 subscribed for the next fair and that several of the \$500 subscribers have signified their willingness to pay the cash at once.

Messrs. Greer and Sellers are also firm in their belief that the amounts owing should be paid in full, the same as they did with the 1904 indebtedness, and insofar as the subscriptions for the 1906 fair now amount to the net sum of fully \$5,000. This matter should be attended to at once, and bills held against the fair of last fall should be paid as soon as possible.

THE COAL MAN SEEN DAYLIGHT

BOUNTIFUL SUPPLY FOR CITY'S NEED HAS BEEN SHIPPED UP FROM GALLUP MINES.

Coal is as scarce today as it has been since the supply ran out three weeks ago, but according to reports which come from the coal offices, relief is close at hand. Harry Bullard, office manager at the Cerrillos Coal Yards, telephoned this morning that he would have a bountiful supply of coal on hand the early part of next week. Several cars have been shipped from the Gallup mines, consigned to them, and arrangements have been made for more to follow. Mr. Bullard stated that at present, it required from three to ten days for a car of coal to reach Albuquerque, from Gallup, and it would only be a question of time before he would have a supply at hand sufficient to meet all demands.
